Deputy Principal: Máire Meenan

21st August 2020

Dear Parents,

The Board of Management met last night to discuss our return to school plans. We have now finalised arrangements for a full return of pupils on September 1st. The plans have been published on our website (www.stdominicsns.ie). The plans may be subject to change as public health advice changes. The plans include:

Return to School Logistics Plan

This document outlines the plans we have in place for children returning to school. It has details of start times, break times, entrance and exit points and procedures for each day.

COVID-19 Summary Plan

This document is a summary of the above plan. It is intended to be a handy reference guide. It is one page in length.

Junior Infants

We will welcome nearly 60 new junior infants on September 1st also. We have special arrangements in place for these children

St Dominic's School Response Plan

This document contains the advice and procedures needed for safe reopening of schools, published by the Department of Education. It has been ratified by our Board of Management.

Risk Assessment

The Board of Management has carried out a COVID-19 risk assessment. It examines the risk that is posed in the school setting and outlines the control measures that are in place to manage these risks.

We have also included a classroom layout and map of our school building and yard showing access arrangements.

If you have a query about our return to school plan or you have particular concerns that are not addressed in these documents, please contact me during the coming week (secretary@stdominicsns.ie). I can assure you our staff will do everything possible to make St Dominic's a happy and a safe environment for children.

Best wishes,

Seamus Vaughan, Principal
